- Forestry/Riparian (Alan) (see attached)
- OSDS rationale/setting precedent revisited (Don) (see attached)
- Forestry/landslides preview (Alan)
- Action Items/Next Steps

Action Items

- The Forestry/Pesticides team will look into notification requirements in neighboring states; what makes Oregon unique or different; Ex. 5 - Deliberative sufficient to provide adequate protection of type N non-fish bearing streams from aerial application of herbicides; whether Oregon Toxics standard is relevant to addressing this condition; and the exact wording of this condition from the 1988 findings, focusing on whether it directly references buffers (*it does*).
- All will review the Ag MM paper to better prepare for the Sept 4th call (*topic postponed until mid to late September*).
- Legal team will complete the review of the rationales for interim approval for OSDS and New Development MMs and provide comments to Don Waye by August 29.
- The managerial team will complete the reviews the rationales for interim approval for New Development MMs and OSDS and provide comments to Don Waye by August 29.
- Joelle/Allison will follow up with Jeff on the date that the legal team will complete the talking points for management and to help the technical team craft a response to comments regarding additional management measures.
- Forestry/landslides team will provide the following information to the managerial team in the form of talking points: comparison to how Washington addresses high risk landslides' potential impact to water quality in forested areas; EPA/NOAA expectations and suggestions on how Oregon can address this additional MM; whether we have the data to identify landslide prone areas and nearby receiving waters. *Will be discussed on Sept 4th call.*
